Tech Solutions Pvt. Ltd

# ABOUT US

We are Braise Tech Solutions, your strategic partner in technology, crafting digital solutions that elevate your business and drive innovation.

## Welcome to Braise Tech Solutions

### Empowering Your Vision, Enabling Your Success

In today's fast-paced digital landscape, having the right technological edge can be the key to unlocking your business's full potential. At Braise Tech Solutions, we stand as your steadfast partners, ready to empower your organization with a comprehensive suite of cutting-edge solutions. Our commitment to excellence drives us to offer an extensive range of services, meticulously crafted to cater to your diverse digital needs.

### Our Diverse Range of Offerings:

- **Website Development:** Our expert developers are ready to transform your online presence into a dynamic and engaging platform that not only captures attention but also converts visitors into loyal customers.
- **App Development:** From mobile apps to web applications, our development team is equipped with the latest tools and technologies to bring your ideas to life and provide seamless user experiences.
- **Cloud Computing:** Leverage the limitless potential of cloud computing with our tailored solutions, ensuring scalability, security, and efficiency for your business operations.
- **Digital Marketing:** Our data-driven digital marketing strategies are designed to boost your online visibility, engage your target audience, and drive tangible results, whether it's lead generation, increased conversions, or enhanced brand awareness.
- **Workflow Automation:** We specialize in optimizing your business processes through automation, increasing efficiency, reducing errors, and saving valuable time and resources.
- **Artificial Intelligence:** Stay ahead of the curve with our AI solutions, enabling you to extract valuable insights from your data, automate routine tasks, and make informed, data-driven decisions.
- **Brand Identity Design:** Crafting a unique brand identity is essential for standing out in a crowded market. Our creative team is ready to help you create a distinctive and memorable brand image that resonates with your audience.
- **UI / UX Design:** User experience is at the core of our design philosophy. We create visually appealing and user-friendly interfaces that enhance the overall experience of your digital products.
- **Software Testing:** Quality assurance is paramount in software development. Our rigorous testing procedures ensure the reliability, functionality, and performance of your software applications.

At Braise Tech Solutions, we go beyond the ordinary, combining innovative thinking with technical expertise to deliver solutions that not only meet but exceed your expectations. Our team of seasoned professionals is committed to understanding the unique nuances of your business and tailoring solutions that align perfectly with your goals and objectives.

As we embark on a journey of innovation, creativity, and technological excellence, we invite you to join us. Together, we can shape the future of your business in a digital world brimming with opportunities.

### Premium Plan Product Description :

For businesses with large-scale projects and the highest quality assurance demands, we present our Premium Plan for the Selenium GUI Testing Service. This plan represents the pinnacle of automation testing, providing comprehensive support for all major browsers and platforms. With the Premium Plan, there are no limits to your testing capabilities. Enjoy advanced reporting, run an unlimited number of test scripts concurrently, and benefit from 24/7 priority support. Elevate your software testing to new heights and ensure the reliability and performance of your web application with the Premium Plan.

#### 2) Product Deliverables – Premium Plan:

- Automated GUI Testing: Execute test scripts for your web application in multiple browsers and operating systems.
- Cross-Browser Testing: Verify your application's compatibility across all major browsers.
- Multi-Platform Testing: Test your application on Windows, macOS, and Linux.
- Advanced Reporting: Access detailed test reports with pass/fail statuses, screenshots, logs, and customizable reporting options.
- Robust Parallel Testing: Run an unlimited number of test scripts concurrently.

- 24/7 Priority Support: Receive 24/7 priority email and phone support.

#### 3) Product Specifications – Premium Plan:

- Compatibility: Web applications built with HTML, CSS, JavaScript, and similar web technologies.
- Supported Browsers: Includes all major browsers, such as Chrome, Firefox, Safari, Edge, and more.
- Supported Operating Systems: Windows, macOS, and Linux.
- Test Scripting Languages: Selenium supports multiple programming languages, including Python, Java, C#, Ruby, and JavaScript.

### Premium Plan Description :

For enterprises and mission-critical projects, the TestNG Premium Plan is the ultimate solution. With all the features from the Recommended Plan, plus added security controls for your test data and code, dedicated support from a top-tier team, and custom licensing options tailored to your enterprise's needs, this plan ensures unparalleled testing excellence. Elevate your unit testing to a new level of sophistication with the TestNG Premium Plan.

### Product Deliverables (Premium Plan):

1. **All Recommended Plan Features:** Includes all features from the Recommended Plan.
2. **Security Controls:** Enhanced security features for test data and code.
3. **Dedicated Support:** Priority access to a dedicated support team.
4. **Custom Licensing:** Tailored licensing options to meet enterprise needs.

### Product Specifications (Premium Plan):

- **Supported Languages:** Java (primarily), with potential extensions.
- **Platform:** Cross-platform compatibility (Windows, macOS, Linux).
- **Integration:** Compatible with popular Java IDEs (e.g., IntelliJ IDEA, Eclipse).
- **Scalability:** Suitable for enterprise-level projects with extensive test suites.
- **Support:** Priority support with response times within 2 hours.

### Premium Plan Description :

NeoLoad's Premium Plan is the pinnacle of performance testing excellence. Tailored for large enterprises and mission-critical applications, this plan provides unmatched capabilities to ensure your applications run flawlessly. With NeoLoad Premium, you have the power to simulate an unlimited number of virtual users, making it ideal for the most demanding testing scenarios. Benefit from scriptless test design, advanced scripting, and even custom development services to suit your unique requirements. Monitor your application's performance in real-time with advanced metrics and global cloud testing infrastructure. NeoLoad Premium seamlessly integrates with security testing tools to keep your applications secure. Enjoy the dedicated support of a customer success manager and premium 24/7 support. NeoLoad Premium is your assurance of peak application performance and reliability.

### Product Deliverables:

1. Realistic Load Simulation for unlimited virtual users.
2. Scriptless Test Design, advanced scripting, and custom development services.
3. Advanced performance metrics and real-time monitoring.
4. Global cloud testing infrastructure.
5. Full integration with security testing tools.
6. Dedicated customer success manager and premium support.

- Load Generation: Unlimited virtual users.
- Supported Protocols: Comprehensive protocol support.
- Scripting Options: Scriptless test design, advanced scripting, and custom development services.
- Reporting and Analysis: Real-time monitoring, customizable reports, and integration with third-party analytics tools.
- Test Execution: Global cloud testing infrastructure.
- Integration: Full integration with security testing tools.
- Support: Dedicated customer success manager and premium support with 24/7 availability.
